

## SKILLS ACADEMY

*Ripe with knowledge*

---

### MENTORING PROGRAMME

---

**THE SKILLS ACADEMY** is new organisation dedicated to the provision of skills based training and educational support to Caribbean nationals. The Academy is pleased to announce that applications are now being accepted for its pioneering Mentoring Scheme. The scheme will be opened initially to those from the Island of Montserrat.

- **How will the scheme be run?**

Selected individuals will be assigned a personal mentor who will guarantee a minimum of 1 hour of their time each week to them. This can be via e-mail, phone or in person.

- **Who can apply?**

The scheme has no age or location restrictions. If you feel you can benefit from having a mentor and you're from Montserrat please feel free to apply. We are particularly interested in 20-30 year olds who could benefit from extra help getting into a particular career or getting back into school. What ever your situation we can find someone to help.

- **What does it cost?**

This scheme is free of charge.

- **Number of Places?**

30! As places in this scheme are limited only applicants which a real desire for growth and change should apply.

- **What type of mentor will I receive?**

We have a wide selection of mentors around the world. Mentors will be carefully chosen to match your preferred areas of interest.

- **How do I apply?**

Please send an e-mail to [natashameade@theskills-academy.com](mailto:natashameade@theskills-academy.com) containing your full name, address, a brief overview of your current situation and future aspirations and outline why you believe you would benefit from being a part of this scheme.

- **Deadline for Applications**

Applications should be received by the **15<sup>th</sup> February**. Mentors will be assigned shortly thereafter.

**Please Note:** *The purpose of a mentor is not to provide jobs so please don't expect this. The mentors role will be to provide guidance and support as well as act as a sounding board for ideas.*
